5) Click “Send eReferral” to launch to the Ocean Healthmap

The screenshot displays the Accuro EMR interface. On the left, a 'Past' sidebar lists medical history entries with dates, times, and provider names. The main area shows a 'Note' section with a list of notes and a 'Labs' section with various test results. At the bottom, a navigation bar contains several icons, with the 'Send eReferral' icon (a paper airplane) circled in red and pointed to by a teal arrow.

Frequently Asked Questions

 Clinicians still need to authenticate/sign-on to the OTNhub to complete the submission of their eConsults

 Receiving your eConsult response from the specialist, and any additional correspondence, still occurs directly on the OTNhub web platform

 To use this workflow, both the OTNhub and Ocean accounts used must be linked to the same Professional ID of the requesting clinician.

- *This technical workflow does not support delegate functionality*

 The integration is currently only available for EMR's integrated for Ocean eReferral: TELUS PS Suite, OSCAR and Accuro
